Six weeks Training  
On  
**Python 3**  
(03 June 2019 –12 July 2019)

**Head Of Department**  
Sh. Gureshpal Singh

### **Cordinators**

Mr. Anil Sagar  
Mr. Mohit Marwaha

### **Organized by :**

Department of Information Technology  
Beant College Of Engineering &  
Technology,  
Gurdaspur-143521  
Punjab

**Introduction:**

Python is easy to learn, highly readable, and simple to use. It has a clean and english-like syntax, which requires less coding and let the programmer focus on the business logic rather than thinking about the nitty-gritty of the language.

We've organized this course in such a manner that you can learn Python with least efforts, without investing a lot of your time and finally be able to apply this knowledge to your live projects.

The below sections cover Python history, features, domains, why to learn Python, how to install and run Python on platforms like Windows.

Python is an OSS. You are free to use it, make amends in the source code and redistribute, even for commercial interests. It is because of such openness that Python has garnered a vast community base, which is continually growing and adding value.

**Course Content: Python**

- **The Context of Software Development**
- **Values and Variable**
- **Expression and Arithmetic**
- **Conditional Execution**
- **Iteration**
- **Using Function**
- **Writing Function**
- **List**
- **List Processing**
- **Objects**
- **Custom types and Exception Handling**

**Department & Faculty:**

The Department of Information Technology came in to existence in the year 2001 with an initial intake of 40 students. The major emerging areas in which the department is actively concentrating upon are Natural Language Processing, Software Engineering and Advanced IT Technologies. The department is more concerned on the broad picture of modern Technologies like Artificial Intelligence. At present the department is functional with its highly qualified and experienced faculty.

**ELIGIBILITY CRITERIA**

Students of second year (all branches) shall be eligible to apply for participation.

**REGISTRATION**

A Registration fee of Rs.5000/- (five Thousand) is to be paid by cash The cash payment can be made on any working day in the I.T Deptt of the College.

**\* Registration form is available on the college website: [www.bcetgsp.ac.in](http://www.bcetgsp.ac.in)**

**Six Weeks Training  
on  
Python 3  
(03 June 2019 –12 July 2019)**
